Jack, Tooth, Flynn, Rapunzel, Merida

and Hiccup all stood together. They had decided to start a club. But
the name was a working process.

"You know," Tooth said, "it'll be odd for the others to see us here,
or talking about our club. They might be jealous or feel left
out..."

Jack nodded. He looked around bbefore smiling.

"Good point Tooth. From now on, we will be using code names. You can
address me as Eagle One."

Merida scoffed. Eagle one her ass...

"Tooth, code name: Been There, Done That."

Tooth gaped at Jack. That code name was ridiculous. Jack turned his
attention to Merida.

Merida shook her head and opened her mouth, but Jack beat her to the
catch.

"Merida is: Currently Doing That."

Merida gaped at him. Seriously, where was he getting those stupid

code names?!

Jack turned to Rapunzel. She bit her lips and waited for her new code name. And waited for how silly it'd sound.

"Rapunzel is: It Happened Once in a Dream."

Huh...that wasn't so bad.

It was better than the others at least.

Flynn almost groaned when Jack turned to him.

Might as well get it over with...

"Flynn, code name: If I Had To Pick a Dude."

And thereit was.

Hiccup's eyes widened. He was the only one left.

Oh Thor, help him!

Jack turned to Hiccup, "And Hiccup is...Eagle Two."

Everyone gaped at Jack. Seriously, if this wasn't a sign that Jack really liked Hiccup, heck even more than a friend, than what was?!

Hiccup sighed in relief, "Oh thank God..."

Everyone, minus Jack, glared at him. Hiccup looked at them, "What?"

Oh yeah, similar code names, Hiccup not having a problem with that, they definitely had something going on.

"They're just code names..."

Hiccup sighed again.

At least he didn't get a ridiculous name...
